

Health Educator-HIV Prevention **20 hours/week (with potential for more)**

The Health Education and Training Center

<http://www.chpscc.org/HealthEducationandTrainingCenter.htm>, a division of the Community Health Partnership of Santa Clara County, is recruiting a Health Educator to work on an HIV prevention program for transgender people of color in Santa Clara County. The Partnership is a non-profit organization dedicated to strengthening the healthcare safety net for the medically underserved. The Health Educator will provide prevention case management, conduct health education activities and train/manage community outreach workers.

Requires:

- Experience working with and knowledge of HIV/AIDS.
- Health education skills and experience.
- Fluency in both English and Spanish (other languages a plus).
- Willingness to work some late evenings.
- Demonstrated skills in working with people from diverse backgrounds.
- Basic office skills (word processing, data-base management, file maintenance)
- Reliable insured transportation and California drivers license.

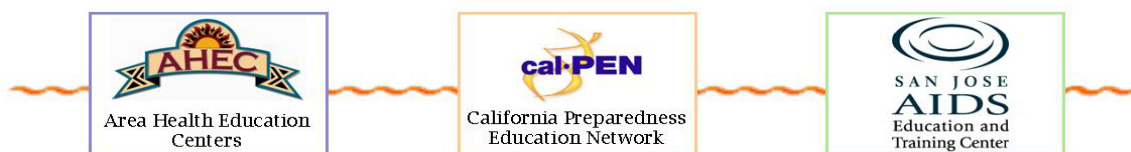

Key Responsibilities:

- Deliver HIV prevention education at places where the target population congregates.
- Provide HIV prevention case management to at-risk individuals.
- Manage and train community outreach workers.
- Organize educational workshops and meetings.
- Make written reports on outreach activities to supervisor and funders.
- Maintain accurate case files.
- Assist with cultural competency training for health care providers.
- Participate in community meetings related to programs.

Salary: \$18/hour, part-time

Benefits: Pro-rated paid vacation and holidays, life and disability insurance, participation in pension plan, access to pro-rated health and dental benefits, flexible work hours.

To Apply: send cover letter and resume to: jobs@chpscc.org. Position is available immediately. Do not send attachments, include letter and resume in body of email. Put "Health Educator-HIV Prevention" in subject heading.
