

What is AACI? 2006

Focusing on the diverse Asian American community, Asian Americans for Community Involvement (AACI)'s mission is to improve the health, mental health, and well-being of individuals and their families by providing an array of human services. AACI empowers the Asian American community by working collaboratively for equality and social justice.

Founded in 1973, AACI is now the largest community-based organization serving the Asian American community in Santa Clara County. Most of our clients are low-income Asian immigrants and refugees. Current programs include mental health and primary care health services, HIV/AIDS prevention and education, breast cancer education, substance abuse treatment, a center for survivors of torture, programs and shelter for women and children who are domestic violence victims, a senior center, after-school youth programs, English and citizenship classes, and advocacy.

We have an active board of 13 members and a multi-lingual staff of over 100 individuals.
